SUMMARY

Third-year **B.Tech student in Artificial Intelligence and Machine Learning** with hands-on experience in **software development, web applications, and database systems**. Proven ability to deliver real-world projects using **FastAPI, MongoDB, Java, and SQL**. Seeking an internship to apply technical expertise, contribute to innovative solutions, and gain industry exposure.

EXPERIENCE

Independent Developer
Self-initiated Projects

Jan 2025 – Present
Remote

- Designed and published 3+ full-stack projects on GitHub, achieving 500+ combined views and downloads.
- Applied FastAPI, LangGraph, MongoDB, Java, and SQL to build scalable applications with optimized query performance.

PROJECTS

DocuTrust | *FastAPI, LangGraph, MongoDB, CrossEncoder*

[🌐 Live](#) [🔄](#)

- Developed an enterprise-grade, self-correcting RAG platform for document analysis.
- Enabled semantic search with sub-second query response times across 100+ PDF documents.
- Delivered a responsive dashboard with real-time SSE updates, improving user engagement by 40%.

Daily Tasks Overview Website | *HTML, CSS, JavaScript, MongoDB*

[🌐 Live](#) [🔄](#)

- Built a responsive and visually appealing web application to showcase and organize daily tasks.
- Used modern CSS layout techniques and JavaScript to deliver an interactive user interface.
- Integrated MongoDB for backend data storage, supporting 200+ task records with efficient retrieval.

Online Shopping Cart | *Java, JDBC, SQL*

[🌐 Live](#) [🔄](#)

- Developed a console-based Java application enabling product browsing, cart management, quantity updates, and checkout workflows.
- Implemented JDBC-based database connectivity with SQL queries to efficiently store and retrieve product and customer information.

SKILLS

Languages: Python, Java, C, HTML, CSS, SQL.
Databases: MySQL, MongoDB.
Tools: Git, GitHub, Excel, Power BI, VS Code, Jupyter Notebook.
Concepts: Object-Oriented Programming, Data Structures, Problem Solving.

EDUCATION

Aditya University
B.Tech in Artificial Intelligence and Machine Learning • **CGPA: 7.50**

Aug 2024 – May 2028
Surampalem, India

- Minor: Cloud Infrastructure
- Relevant Coursework: Data Structures, Machine Learning, Cloud Computing, Database Systems

CERTIFICATIONS & ACHIEVEMENTS

Competitive Programming: Solved **400+** problems on CodeChef and LeetCode.
Certifications: C (Cisco Networking Academy); C++ (Basic) – HackerRank; SQL (Basic) – HackerRank; Excel – Microsoft; Power Platform Fundamentals (Power BI) – Microsoft.
Cambridge English Empower B2: Certified professional-level communication and collaboration.

CODING PROFILES

[HackerRank](#) (5 Badges) | [LeetCode](#) (200+ Problems Solved) | [CodeChef](#) (300+ Problems Solved) | [GeeksforGeeks](#) (25+ Problems Solved)
